AMENDMENT

Commissioner for Patents

Alexandria, VA 22313-1450

Sir:

In response to the Notice to File Missing Parts on Non-Provisional Application mailed February 3, 2004, please amend the above-identified application as follows:

Amendment to the Drawings begin on page 2 of this paper and include both attached replacement sheets and annotated sheets showing changes.

Remarks begin on page 3 of this paper.

An **Appendix** including amended drawing figures and a signed declaration is attached following page 3 of this paper.

Amendments to the Drawings:

The attached sheets of drawings include changes to Figures 4 and 5. These sheets, which include Figures 4 and 5, replace the original sheets including Figures 4 and 5.

Figure 4 has been changed to make it clearer for reproduction. The original Figure 4 was unclear so a new Figure 4 is presented here. No new matter has been added.

The original Figure 5 was also unclear so a new Figure 5 is presented here to replace the old Figure 5. Additionally, since Figure 5 is a complex flowchart with many elements, it cannot be drawn on a large enough scale to fit on one page and be clear. Therefore, the new Figure 5 shows the old Figure 5 broken up into 3 sections labeled as A, B and C and each of these sections is shown as an exploded view in the adjacent sheets labeled as "FIG. 5 cont. (EXPLODED VIEW OF FIG. 5 SECTION A)," "FIG. 5 cont. (EXPLODED VIEW OF FIG. 5 SECTION B)," and "FIG. 5 cont. (EXPLODED VIEW OF FIG. 5 SECTION C)," respectively. No new matter has been added.
